EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to the applicants, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ludomir Budzyn, applicants' attorney, on June 4, 2007.

The application has been amended as follows:

On pg. 1 line 10 in the specification, please replace "claims 1 and 20 respectively" with --claim 1--.

On pg. 1 line 32 to pg. 2 line 2, please delete "An apparatus for carrying out in particular the method according to the invention is characterized by the features of claim 20.".

In the abstract line 13, please delete "(Figure 3)".

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claim 1 and the claims dependent thereon have been allowed because claim 1 is limited to having the permeate produced by filtration of the suspension being directly fed to the cross-flow filtration installation again whereas U. S. Pat. 5,385,671 does not directly feed the permeate back to the cross flow installation again (U. S. Pat. 5,385,671 indirectly feeds the permeate back the cross flow installation again via the reaction/wash tank 14).

Art Unit: 1754

Any comments considered necessary by the applicants must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
